MEMORANDUM FOR: Personal Assistant to the Director

25X1

1. [ ] has been considered for employment in a departmental OPC position and his security clearance is in process. At the time he went to [ ] he was informed that such action would not jeopardize his appointment to a CIA position.

2. By letter dated 26 September 1950, he stated to our personnel people that his present assignment in no way changed his original application and that he could be available at a moment's notice.

4. No instructions have been sent for [ ] to return to the United States, and no further action is to be taken pending completion of security clearance. Security action should be completed in the near future as investigation has been underway for over two months.

25X1

5. There is, of course, no element of compulsion in any of this, and if, at the time clearance is received and we offer Mr. [ ] an opportunity to join us for a position in Washington, he should desire to stay in [ ] in his present position, that would close the case, at least until some later approach might be made by Mr. [ ]
